SMK-LINK PadDock 10

Listen | Charge | Sync | Rotate

Listen

PadDock 10 is a powerful stereo system that has been electrically and acoustically tuned to produce lifelike vocal presence and instrument tonality. Its design uses custom-designed oval (40 mm x 55 mm) speakers with high-energy neodymium magnets for room filling sound. A unique passive radiator extends the bass frequency for a natural full range sound quality.

Charge and Sync

Charge

Sync

PadDock 10 includes a power cable which, is compatible with your iPad power supply, and a USB cable to attach to your computer. A convenient switch on the side of PadDock 10 allows you to switch between Charge and Sync modes without changing cables. Charge mode quickly charges the iPad with your power supply. Sync mode allows you to sync the iPad with iTunes® to organize your music, apps and photos.

Rotate

PadDock 10 rotates 360 degrees to provide the best orientation regardless of app or web page. The display also tilts back and forth to provide the best viewing angle.
